

Grüner Veltliner

Krems

Kremstal 2019

Weingut Müller

The family run Müller winery is located in the southern part of the Kremstal wine region in the picturesque village of Krustetten. It is managed by the brothers Leopold and Stefan Müller. The responsibilities are clearly structured: Stefan is the vineyard manager and Leopold is winemaker and sales manager. Our philosophy is to work in harmony with nature in a sustainable and respectful manner. The diverse soil and micro climatic conditions on the hills surrounding the Göttweig Abbey, in the southern Kremstal wine region, require us to care for every vineyard individually and to fully understand each site in relation to soil, exposure and grape variety. Our knowledge that has accumulated over several generations allows us to produce superior grape quality with distinct and exciting character.

Origin and Terroir

The grapes for this Grüner Veltliner originate from our vineyards, which are situated around and in the 1000-year-old wine town of Krems. For centuries the vineyards along the Danube have offered a diverse terroir from mighty loess soils to bare primary rock - perfect conditions for a complex Grüner Veltliner. The climate is also a factor which contributes to this development and with the cold flows of air at night from the Waldviertel and the warm Pannonian temperatures during the day, a clear fruit is developed.

Wine making

The grapes were harvested in September and pressed without a long period of maceration. This resulted in a very fruity and fresh must with pleasant flavor. The fermentation took place temperature-controlled in steel tanks. After maturing on the fine lees, the wine was bottled in January.

Wine description

bright yellow, fresh apple in the nose and fine floral notes, balanced on the palate with elegant fruit and classic spice

alcohol: 12,5 %vol
residual sugar: 1,3 g/l - dry
acidity: 5,3 g/l

Drink and food recommendation

Stored best at 8 to 10° C

Aging potential: 2 to 3 years

This wine is a perfect match for spicy cuisine, especially Asian cuisine. This fresh Veltliner is particularly suitable for an aperitif on warm summer days.
