

Grüner Veltliner

SEKT BRUT GÖTTWEIGER BERG

Große Reserve

Weingut Müller

The family run Müller winery is located in the southern part of the Kremstal wine region in the picturesque village of Krustetten. It is managed by the brothers Leopold and Stefan Müller. The responsibilities are clearly structured: Stefan is the vineyard manager and Leopold is winemaker and sales manager. Our philosophy is to work in harmony with nature in a sustainable and respectful manner. The diverse soil and micro climatic conditions on the hills surrounding the Göttweig Abbey, in the southern Kremstal wine region, require us to care for every vineyard individually and to fully understand each site in relation to soil, exposure and grape variety. Our knowledge that has accumulated over several generations allows us to produce superior grape quality with distinct and exciting character.

Origin and Terroir

The physiological full ripened Grüner Veltliner grapes were harvested in the vineyard site "Göttweig Berg" in the southern Kremstal. The soil is dominated by loam and loess. The vineyards are influenced by the warm pannonian climate from the east but also from cool winds which come from the north-east, combined with the special Danube valley climate, this climate mix gives the grapes the highest chance to gain full physiological ripeness and intense flavor.

Wine Making

Harvest time was the beginning of October. The grapes were handpicked and the whole cluster was pressed. Fermentation was done in stainless steel tanks and temperature controlled. The fruity sparkling base wine was bottled for the second fermentation and was allowed to mature on the lees for 36 months before being disgorged.
