

Grüner Veltliner

Ried EICHBÜHEL

Kremstal Reserve 2019

Weingut Müller

Our family's estate is situated in the southern Kremstal and is managed by Stefan and Leopold Müller. The responsibilities are clearly structured: Stefan is the vineyard manager and Leopold is winemaker and sales manager. Our philosophy is to produce wine in harmony with nature, due to that we want to make use of the individual conditions of each single vineyard. Considering these important factors, we give the grapes the highest chance to develop physiological ripeness, so that they grow to the perfect foundation for our typical white and red wines. Wine making is not something we do only for a living, rather it is the passion of our family to bring the fine aromas given by the vineyard into the bottle. Our principle is simple: The foundation of an excellent wine starts with perfect quality in the vineyard.

Origin and Terrain

The grapes are from the single vineyard 'Eichbühel'. Eichbühel is our highest situated vineyard site 330m above sea level. The cooler climate and the chalky soil support the fruit development of Grüner Veltliner and enable the grape to mature longer on the vine.

Wine Making

After a careful selection only the best grapes were harvested by the end of October for this 'Grüner Veltliner Eichbühel'. These fully matured, flavour intense grapes were gently processed after a short maceration time. The steel tank fermentation was completed in a temperature controlled environment. By the middle of January the wine was racked to barrique barrels where it was allowed to mature on its fine lees.
